BRIEF SUMMARY

I'm passionate about creating software solutions that make a difference. With skills in React.js and Node.js, I develop high-quality apps that meet project goals and deadlines. I'm eager to work on real-world projects, collaborate with experienced professionals, and kickstart my career in software development.

KEY EXPERTISE

Javascript ReactJS React Native NextJS NodeJS API Tailwind CSS MongoDB Firebase Git Github TypeScript GraphQL CSS HTML Figma ExpressJS

EDUCATION

MIT Academy of Engineering, Pune   2021 - 2025
B.Tech. - Mechanical Engineering | CGPA: **6.80 / 10**

Nutan Vidyamandir, Deolali Camp, Nashik   2021
12th | MSBSHSE | Percentage: **85.33 / 100**

Purushottom English School, Nashik   2019
10th | MSBSHSE | Percentage: **81.80 / 100**

INTERNSHIPS

Polymath AI | IT Product & Services   07 Jun, 2024 - 07 Aug, 2024

Key Skills: ReactJS Javascript CSS NodeJS Databases Figma

I am working at Polymath AI as a Frontend developer. Basically we are developing a browser extension which can manage all your assets in one place. Even those are images, links, pdfs or videos save it by right clicking on the browser.

PROJECTS

Cura - AI powered health assistant   21 Jun, 2024 - 19 Jul, 2024

Key Skills: Next JS ReactJS API Gemini Tailwind CSS Shadcn UI MongoDB Prisma Framer Motion

Project Link: https://cura-ai.vercel.app/

Developed an AI-powered health assistant app called "Cura" to provide personalized health tips and medication management.

• Personalized Health Tips: Used Gemini AI to give users custom health advice and medication suggestions based on their health info.
• Easy Onboarding: Created a step-by-step process to gather user health data for accurate recommendations.
• Secure User Login: Added safe user login and account management with Clerk.
• Responsive Design: Made sure the app works well on both web and mobile devices with a clean, modern look.
• Data Management: Used Prisma and MongoDB to store and handle user health records securely.
• Real-time AI Advice: Enabled real-time health tips with server-side functions and AI.

Taskify - Task Management App   10 Mar, 2024 - 16 Mar, 2024

Key Skills: React Native Moment Expo Tailwindcss Appwrite

Developed a mobile task management application using React Native, empowering users to:
• Organize Tasks: Create, assign, and manage tasks with clear priorities.
• Boost Productivity: Set deadlines, receive notifications, and track progress for efficient task completion.
• User Authentication: Secure user login and account management with Appwrite.
• Database Management: Efficient storage and retrieval of tasks, priorities, and user data with Appwrite.

Briefly - Text transformer app   01 Jan, 2024 - 22 Jan, 2024

Key Skills: NextJS ReactJS Tailwind CSS Clerk API Theme toggle Hugging Face

Project Link: https://app-briefly.vercel.app/

A well needed text-summarizer and translator software for your daily tasks.
• Text Summarization: Condense lengthy articles or documents into concise, key points.
• Language Translation: Bridge communication gaps by translating text between various languages.
• AI-powered Chatbot: Engage in interactive conversations with an AI for information retrieval or casual interaction.
• Audio Generation: Transform text into realistic speech output.

Unity - Social Media Platform   01 Sep, 2023 - 29 Sep, 2023

Key Skills: Tailwindcss   React   Next.js   Prisma   MongoDB   Javascript   Framer Motion   Zod

Project Link: https://unity-app.vercel.app

A full-fledged social media application platform for users.
• Share Multimedia Content: Publish and interact with images, videos, and stories.
• Curate Interests: Bookmark posts for later reference and personalize their feed.
• Engage with Community: Like, delete and share posts for seamless interaction.
• Search and Discover: Utilize a robust search function to find friends, and trending topics.
• Choose audience: Set your audience to private or public to know who can see your post.

ASSESSMENTS / CERTIFICATIONS

Google Cloud Study Jam

Key Skills: GCP   API

Successfully completed the Google Cloud Study Jam, gaining practical knowledge and hands-on experience in cloud computing solutions offered by Google Cloud Platform (GCP).

CO-CURRICULAR ACTIVITIES

- Member of EDCELL club

PERSONAL INTERESTS / HOBBIES

- Reading books
- Playing chess
